* Victron (Supplied with or without screen)

Application: Ongrid battery & AC coupled solar, Victron equipment

Ongrid Battery Applications:

- Quality outdoor enclosure for Victron / Selectronic type inverters, Lithium Batteries
- Expandable in modules, for user flexibility
- Simple installation, for all outdoor and rain exposed locations

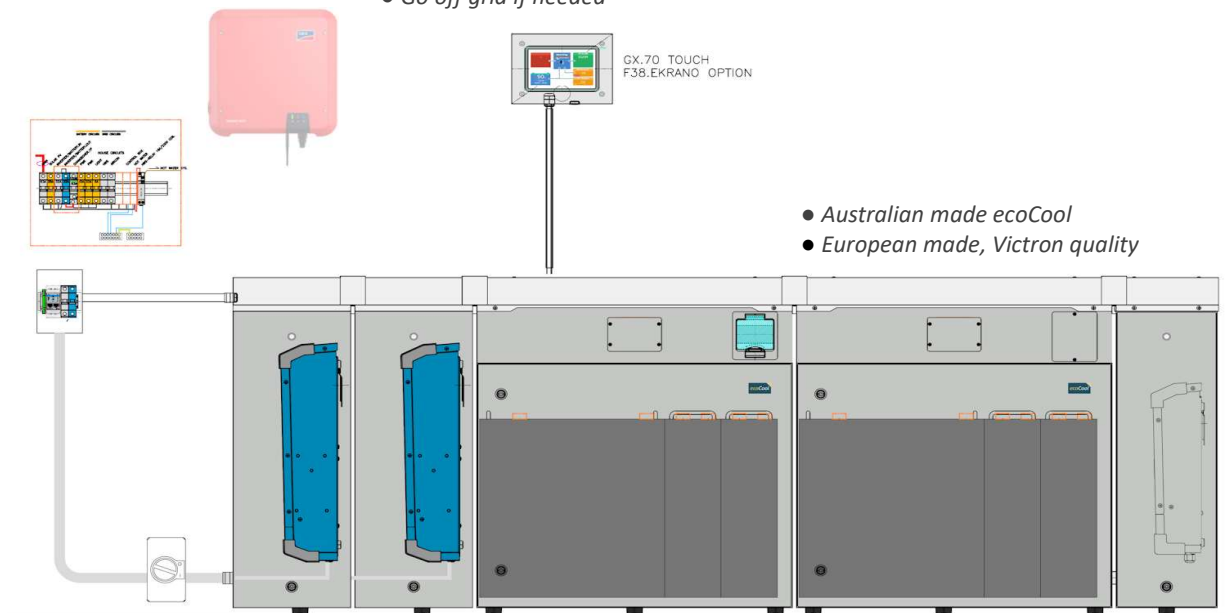

- Self-consume solar,
- Reduce power bills,
- Power backup function during grid outages

- Metal outdoor enclosure, ip rated for durability;
- 'Drop in' for existing solar, immediate self-consumption benefits:

**victron Equipment supplied Separately*

- Expandable solar, expandable battery, expandable features
- Physical dashboard, with mobile device, app & online access
- Go off grid if needed

- Australian made ecoCool
- European made, Victron quality

● Smart design features: front on/off led button, vented hood for heat control & external access fuse isolators.

K40.8575.46 Enclosure: up to 5 x ZYC 5KWh Batteries
